TCO² WORKSHOP OUTLINE - GRADES 4 - 5

Our highly skilled and personable presenters have a unique ability to address challenging content with students, while maintaining a fun workshop environment. They do this by showing videos and engaging participants in activities, interactive role-playing and lively discussions.

TCO² workshops identify:

- what is **consent**
- healthy vs. unhealthy **relationships**
- exploiter and **exploitation**
- **warning signs** and scenerios that could be dangerous both in-person and online
- online **safety tips** when using apps or playing video games
- **safe adults** and ways to reach out for help
- **resources** available

Our workshops are designed to build on one another as a student progresses through the school system, in addition to addressing key learning outcomes as laid out by the Ministry of Education. This includes:

- **goal setting** and **decision making**; and
- personal **safety strategies** to avoid exploitative situations on the internet.

**Workshops are offered free of charge.
Honoraria towards our programs are graciously accepted.*

Workshops are
45 minutes
